

ANNUAL REPORT 2019-2020

AZAD SHIKSHA KENDRA

SIPAH, JAUNPUR (U.P.)

Azad Shiksha Kendra (ASK), Jaunpur, Uttar Pradesh was registered as a Trust in 2004. It is a non-political and non-profit organization engaged in socio-economic upliftment and welfare of poor and deprived sections of the society with an explicit focus on most backward and minority dominated regions of the state. The organization draws its ideological strength from Gandhian ideals and secular and democratic values. It has brought together a dedicated group of professionals like doctors, lawyers and social workers to address the developmental issues emerging in focal regions. Besides, there is a team of dedicated workers guided by voluntary spirit and social commitment.

As an organization we are essentially concerned with the elimination of child labour, protection of women, promotion of education and health care, rural livelihood enhancement and right to information etc. And the programmes are largely focused on Muslim, Dalit and Musahar communities in Azamgarh and Saharanpur districts, besides, of course, Jaunpur.

Right since the inception, the organization has undertaken large number of projects/programmes which enabled lakhs of people from partner communities to have better access to health care, nutrition, literacy and education, livelihood etc. The main thrust has been on women empowerment and child development. Strategically, we maintain better coordination and rapport with government agencies/departments, PRIs, local NGOs/CBOs and women led organizations at various levels.

Subjects that the organization has worked on and currently engaged in

There have essentially been three permanent issues on the agenda of the organization right since the beginning. These encompass Primary Education, *Madrasah* Education and Child Rights, involving whole range of education and health rights of children.

Women Discussion on Great Women Biography & Campaign on Formation of Association - 1. Savitribi fule and Fatima Shekh

ASK organized a campaign from November to January for common heritage and democracy awareness in 12 villages. The discussion among the women of the villages, the discussion begin in small groups women in many places of the 12 villages. It was telling the stories of two brave lady Savitrie bi fule and Fatama Shekh. The story based on biography of these great women, focus on her education started in their life in Maharastra at Poona, crossed the several restriction of anti social practices and got her educated well as they did the hard effort to educate the girls of their society. When they were going effort to educate the girls, they have to face many types of restriction and hitches but they didn't come back from their way and continuous efforts they were doing on even women also of the community and society were being hate to meet them. They were saying that women duties are only have to serve their husbands and keeping house work, they don't believe in education, in those days Uttar Pradesh was affected by Costlism, and Puritan systems but the women did unrest effort for women education and at least today our society and community accepted education for all, now today if we see in our society and some down trodden community, like marginalized and vulnerable class people they do their daughter marriages early before completing their education and physical growth, it is happening surround us and we are not such a step to stop it. So we are trying to make a platform for women rights and entitlements as women association among the 12 villages of women those responsibility will be take care women and girls education and health as well as they will appose child marriages in their community and others neighbors as Fatma Shekh kept company with Savitri bi fule. from the life of these brave women, we learnt to improve education of girls and provide them opportunity for taking higher education to receive from out of villages and try to other district for receiving technical education.

The Great Women Savitri bi fule Jubilee – ASK organized a Jubilee meeting of Savitri bi fule at their regional project office Kheta Sarai on 03.01 2020 many of nearby areas women took participation in this meeting as Sondhi, Gosary, Kanvaria, Maharaura etc. the meeting started with social prayer, and the discussion was started for women rights basically right to education, women are sharing their views that they were suffering for higher education and most of girls are not allowed to take higher secondary education from out of the villages

some things similar situation are still follow in some villages but thanks to ASK for doing awareness campaign regularly among us and continuous effort doing with our community and society for strengthening women education. We are going outside to take education and our parents also support to complete our target education and suggest also for adopting better option to complete the education, this changes seen in girls education where hardly 3 or 4 girls are passed out 12 class out of 100. now the changes come at drastic form today most of the girls are complete their 12th class and they are offered to complete graduation and post graduation and girls are happy now for ASK effort they also make an example for others girls and women to take higher education. The changes come across the social harmony and common heritages now we are helpful and common supported for each others in education health and social practices. Now this way women are celebrated the Savitri bi Fule jubilee. some women are being awarded for their noble work done in their field as recognitions of girls education, facilitate for avoiding child marriages, some of women are delivered lecture on the Great women, Kismati devi and Prema devi from Kanvaria Village, are being special awarded for women feeding the food on International Day at their village at the end all participants provided refreshment and chief trustee.
